45 PhD supervised, International mobility - 43 countries

I extend my heartfelt congratulations and gratitude to my editorial team for successfully publishing the curiosity newsletter. I am pleased to announce that the January 2024 edition of the newsletter has been released, highlighting the achievements of our school, students, and their participation at the national and international levels. Any involvement in activities is also showcased in the newsletter. We are delighted to share that the Ministry of Education and Innovation Cell and All India Council for Technical Education, (AICTE) Government of India, has established the School Innovation Council at Narayan International School.

Similarly, the selection of the school as a Skill Hub by the Ministry of Skills and Entrepreneurship, Government of India, is not just an achievement for the sector but also for the district. This initiative aims to provide skills training alongside education, making students job-Oriented. The selection of students' projects at the national level by DST Govt.of India and the recognition of a project at the national level in the CBSE Science Exhibition indicate a growing interest in innovation among students. The provision of funds for start up ventures by the School Innovation Council is a significant accomplishment in itself. Students' participation in national and international games such as athletics, taekwondo, kho-kho, kabaddi, music, and literacy competitions reflects their courage. The establishment of future labs, music labs, robotics, AI labs, and advanced project labs in the school enables the refinement of practical skills among students.

The school's receipt of numerous national and international awards demonstrates that the school management is advancing towards its vision. The school has collaborated with the governments of several countries for academic and research collaboration, allowing students to experience foreign cultures and academic environments.

The newsletter serves as a forum for sharing faculty and student thoughts and ideas, providing suggestions and updates regularly.

Once again, heartfelt congratulations and best wishes to everyone  
Thank you.

## Invited as Keynote Speaker & Nominated as Experts in India International Science Festival

On the day shared with Abhay Karndikar Secretary, Department of Science & Technology Govt. of India, Honorable Shri Manohar Khattar, Chief Minister of Haryana.

Shri Moolchand Sharma, Cabinet Minister of Haryana, Shri P.S. Goel, NIF, Govt of India at India International Science Festival Faridabad.

I had the opportunity to speak at the India International Science Festival during January 17-20, 2024 in Faridabad. The Department of Science and Technology nominated me as a keynote speaker and expert. The program's inauguration was done by Dr. Jitendra Singh, the Cabinet Minister. Professor Abhay Karandikar Secretary of the Department of Science and Technology, shared thoughts on innovation and research. Honorable Chief Minister of Haryana Shri Manohar Khattar, Shri Moolchand Sharma, and Cabinet Minister of Haryana, Shri P.S. Goel, shared their insights with dignitaries sitting on the dais. In this international festival, more than 50,000 students from various states and scientists, researchers, and academicians from 35 countries participated. It is a day of achievement for me, and I sincerely thank the Department of Science and Technology for providing me with this opportunity. IISF2023 which is an outreach event showcasing the country's S&T achievements, inspired & motivated young students and innovators to contribute to our country's S&T progress to make it a global leader during next 25 years in Amrit Kaal.

Prof. Harish Chaudhary with Dr Hiroshi Okukawa, Director, Ministry of Higher Education, Tokyo, Japan

championship in competitions. The closing ceremony and presented prize by Devendra Singh Secretary , Taekwondo association UP and Prof. Harish Chaudhary, Chairman, NIS and International Coach Parmindar Swaroop & Other dignitaries.

## Seminar on Emerging in Artificial Intelligence & Machine Learning

**A** seminar on "Artificial Intelligence and Machine Learning" was conducted at Narayana International School. The seminar was sponsored by the School of Innovation Council, Ministry of Education and Innovation, and the Ministry of Skills and Entrepreneurship, Government of India. Welcome s to all experts at NIS campus Mr Nitin Gupta , Director SR University Warangal(AP) , Dr Archna Gangwar, Amit Kumar, Assoc. Professor ,Faculty of Computer and Management , RBS College Agra Participated seniors students and faculties and Prof. Harish former VC & Dr Parul Gupta Modi Pharma delivered lectures on current technologies AI, IOT, Machine learning and computer application , used IOT in healthcare More than 100 students & staff participated in this seminar . This is an important step through which students can be made aware of the latest developments in the fields of technology and science.

## Annul Sports Meet 2023

Winners of the sports meet 23 with medals and Trophy at NIS

**O**rganized annul sport meets at Narayan International campus during 11-15 Dec. 23 . more than 485 students participated in 17 Games activities . 110 students has received gold , 155 received Silver and Bronze medals . The honour given by the students cannot be fully expressed in words. The students have set new dimensions in games. It is noteworthy that our students have represented Bhutan and Singapore, Nepal at an international level.

**Project selected in  
CBSE Science  
Exhibition at  
Manthan  
International school  
Noida during  
15-16 Dec. 2023**

Students presented project in CBSE science at Manthan International Noida

**N**arayana International School's two teams participated in the CBSE Regional Science Exhibition 23 held at Manthan International School, Noida, on December 15-16. An expert panel selected a project titled "Design and Development of Smart Helmet" at the national level. Congratulations and best wishes to the students Sachin, Garvit, Shivam, and Sameer for this achievement. Two other projects, "Smart Blind Stick" and "Smart Irrigation System," have also been selected at the national level by the Department of Science and Technology, Government of India. It's noteworthy that the school has a Skills Hub and Skills Development and Entrepreneurship, established by the Government of India, and the School Innovation Center, Ministry of Education and Innovation, Government of India, has approved it. This initiative aims to provide 2 lakh students with support for startups, enabling them to pursue their own projects or companies. It's commendable that the school is not only benefiting its own district but also opening its doors to students from other schools and unemployed children from villages. This endeavor is a matter of pride for the region and the district. Two teams participated and presented paper and demonstration project on Multifunctional blind stick by Garvit Chaudhary class X, Sameer Baghel class IX and Design and development of Smart Helmet for safety riders presented team by Shivam , Sachin Saraswat X class . Smart helmet project has been selected for CBSE National level . The main target of the project is designing a smart helmet for accident avoidance and alcohol detection. By using smart helmet, the accidents can be detected The project paper aims to provide safety for bike rider. Road safety remains a significant issue in terms of development, public health, and its role as a primary contributor to fatalities and injuries world. School has applied for patent of smart helmet. School has two patent

## DST Project Competition

NIS team demonstrated of Project in DST project competitions

**N**arayana International School students participated in the Inspire Manak Scheme project competition organized by the Department of Science and Technology (DST) and the National Innovation Foundation (NIF), Government of India. The event took place at Champa Agrawal Inter College, Mathura, on November 24. Garvit presented the "Smart Blind Stick," and Shivam and Sachin presented the "Smart Helmet."

The judge panel, including officials from DIOS Mathura, DST, and NIF experts, selected the projects for the state-level competition and appreciated the presentations. The school has applied for a patent for this project, and it is anticipated that this technology will bring about positive changes in society. The blind stick, created by the students, will cost only Rs. 150, making it an affordable solution that can significantly impact the lives of visually impaired individuals. Similar blind sticks available in the market are priced at over Rs. 7000.

Congratulations to the school's students Garvit, Shivam, and Sachin for their remarkable achievement. Special recognition goes to the project in-charge, Sunny Gupta, for guiding and supporting the students. It's worth noting that Narayana School had two projects selected at the national level by CBSE and DST last year, for which the Indian government provided grants

Collaboration with Govt. of Finland and Singapore for students & faculty exchange programme

## Jan Chetna Abhiyan (Save Environment Awareness Programme)

**A**s part of the Environmental Week, school children conducted rallies in surrounding villages such as Mai, Bilara, Chiravali, Jatoi, Abhayapura, Nanau, Naupura, Midhwali Nera, Sarauth and others. During the rallies, the children appealed to the people to keep the environment clean and tidy. On this occasion, the Chairman of the school and society, Professor (Dr.) Harish Chaudhary, stated that the school is adopting three villages, and 4000 plants will be planted in each of these villages. Every week, society officials and students from the school will participate in cleanliness drives in these villages. It is noteworthy that the school has already planted more than 10,000 trees, and over 100 awareness programs have been conducted in the area. Let us all come together to make the environment clean. NIS & Narayan Education development society conducted awareness programme during 22 -31 Oct.23

Swachhata Pakhwada program (awareness programme) :As part of the cleanliness drive (under the Swachhata Pakhwada program) on the call of Prime Minister Modi, today, students and staff of Narayan International School organized an awareness and health campaign rally in GarhUmrao village, Bilara, Nagla Bhoot, and Chirawali, Sarauth, Nera, Midawali, etc. Students conveyed the importance of maintaining one's health and urged people to plant trees through a play. The children have cleaned every street and village. This awareness campaign has been on going for a week and will continue for five days. It is known that the school and the Narayan Society have planted more than 10,000 trees in the area and conducted more than 200 awareness programs in 70 villages

### Special Feature's & Achievements

NIS students obtained 11th rank in International Olympiad and also selected 22 students in IO ( Maths & Science)

NIS students won/participated in National Innovation Foundation and received project innovative project award by hon'ble President of India

Received Gold & Silver more than 45 medal in Athletics in Regional Level, CBSE cluster's & National level in 2023

## Workshop on 3D printing & future prospective

**S**chool has established 3D printing & future labs . Institute has Organized two days workshop during 29-30 Sept . 2023 . 3D printing, also known as additive manufacturing, is a transformative technology with a wide range of current and future applications . Er MP Singh and Prof. Harish (Experts) delivered lecture and also done hand on practices by students regarding transformative technology. 3D printing has the potential to revolutionize various

industries, from healthcare to manufacturing, and its future prospects include advancements in materials, bio printing, and sustainable practices. However, challenges such as regulatory issues and the need for standardization will need to be addressed as the technology continues to evolve.

## Toppers Facilitation Programme on 28 Sept. 23

**T**opper's awards Received Manish Saraswat class secured 96 % in X class and Anil Kumar obtained 95 % marks in XII class in Toppers Facilitation Programme on 28 Sept. 23 at RS Public school Agra . This program is organized National Progressive schools of Associations

## Best Teachers CBSE Awards

Dr. Neetu Singh Received Teacher award by  
Dr. Ramshankar Director CBSE ,  
Prof. Sundarlal VC Purvachachal University  
& others dignitaries

**T**he Narayan family takes pride in faculties/teachers who are building the future of the nation that is yet to come. We salute the teachers who work day and night for the children, taking on more responsibility for the future than their own families. Dr. Neetu Singh receiving more than 12 Best Teacher Awards/Guru Samman is not just an honor for the Narayan family but also emphasizes the awareness of her duty and responsibility. Such honors gain more prestige when the "Guru Samman" is received through the commendable efforts of one's own teachers. It is truly a wonderful moment, and the feeling can only be experienced. Dr. Neetu Singh received the "Guru Samman" from Dr. Ram Shankar, Director, CBSE, New Delhi, Prof. Sundarlal, Former VC, Purvanchal University, Jaunpur, and other educators. This honor will always remind you of your ethics and responsibilities. Heartfelt congratulations and best wishes to you and the entire NIS team

## Sadak Suraksha Pakhwada during 20-31 July 2023

NIS Students conducted really more than 20 village's

**T**he students of Narayan International School organized a road safety awareness rally in Abhaypura, Mai, Jatoi, Kanjoli, Kursanda, Nanau, Naupura, Sorai etc. under the Road Safety Week program. During the event, the children wrote slogans about road safety on boards, which became the centre of attraction. Not only that, but the children also stopped bike riders without helmets, made them wear helmets, and pledged to ride with helmets.

Additionally, they distributed flowers to bikers wearing helmets to raise awareness. During this event, Professor Harish Chaudhary, the school's director, addressed the children, emphasizing that ensuring children's safety is not only essential inside the home but also outside. The focus on safety outside the home is about ensuring the children's self protection, which includes following the rules of road safety. Alongside, the children were informed about important road safety rules, including checking brakes and horns while driving, giving way to vehicles coming from behind, and maintaining the speed while riding a bicycle.

Professor Harish Chaudhary highlighted the importance of adhering to road safety rules and emphasized that proper attention to driving practices could significantly reduce accidents. He informed the children that 160,000 people lose their lives in road accidents in the country every year and stressed that exercising caution could minimize such incidents. Principal Dr. Neetu Singh informed that the Road Safety Awareness Campaign will provide information on traffic through rallies in 10 villages by July 31. The initiative taken by Narayan International School students showcases their commitment to creating awareness about road safety in the community.

## National Taekwondo Championship

**2** 1-23 Jan 22 The three-day workshop on 'Entrepreneurship Development Program' was inaugurated at Narayan International School by Mr Sandesh Rawat from Toshiba Software Technologies, Bangalore, and Dr. Harish Chaudhary, Head of Incubation, Dr DK Singh,

Ministry of skill, Prof. K.B. Singh, Skill Expert from the Government of India, and Principal Dr. Neetu Singh jointly illuminated the ceremonial lamp. Sandesh Rawat advised the children that they need to start developing risktaking and leadership skills from an early age. He emphasized the importance of creative development along with innovation. Professor Harish,

Experts delivered lecturer in three-day workshop on 'Entrepreneurship Development Program'

in his lecture, stated that skill development is essential in any subject to ensure employability for everyone. He highlighted that the government is providing subsidies for enhancing business skills and various projects. Professor Singh mentioned that even with small savings, one can fulfil their dreams. The government is encouraging start-ups, and there is no age limit for starting a business, as exemplified by several success stories. Principal Dr Neetu Singh informed about the establishment of an incubation centre in the school, providing financial support and technical skill development for students interested in starting their own ventures. She also mentioned that in Hathras, Agra, there is no provision for opening start-ups in any CBSE school.

## CBSE cluster Championship

Saurabh received gold medal in (CBSE cluster ) at Suditi Global International school Etawah on 12 Dec 2023

Received the Trophy in CBSE Cluster IV (kho kho -19) at Shyam Bihari public School Etah during 1-3 Dec.22

**N** IS students has been participated in many games activity as like kho kho, Kabbaddi, athletics ( Race, Discuses through, Javelin through, short put, etc) Taekwondo. Our kho kho team has played in final and obtain IInd position ( Runner up) in CBSE cluster & Received the Trophy at Shyam bihari public school Etah during 30 Nov. to 03 Dec. at . Perit Chaudhary won the gold medal in taekwondo games . Gold medals in CBSE cluster in Athletics Sourabh Kumar, Chaya Saraswat, Hema, (Race), won silver medal Mayak Singh and Parth, Abhay Pratap (Discuses through), Narendra Kumar (Javelin through), Manish Kumar ( Short Put) in CBSE cluster

Students Received Gold medal in CBSE cluster 22

Received the trophy & medal in state level Kho Kho (Boys –under 19) Championship at St. Stephan college Agra on 18 Nov

Received the trophy & medal in Kho Kho (Girls –under 19 ) Championship at St Stephan college Agra on 19 Nov 22

## Workshop on Cyber Crime & security

Prof. Prakash Chandr, GNIT Noida, Prof. Lalit Kausal, Dr Vikrant Kumar & Prof. Harish Chaudhary

**A** workshop on cybercrime and cyber security was organized at Narayan International School on 15 Nov 22 .

Professor Prakash Chandra from Noida spoke about cybercrime, emphasizing that even young children unknowingly commit offenses, cautioning against making inappropriate

comments on platforms like Facebook or social media. He categorized such actions as criminal. Professor Vikrant Kumar Sharma, from Dubai, shared methods to prevent cybercrime and provided insights into cyber security. Professor Lalit Kumar explained to children in a practical manner the importance of using the internet cautiously, warning that failure to do so could lead to trouble quickly. Professor Chaudhary Chairman expressed gratitude to everyone and advised children to use social media and the internet thoughtfully. More than 100 hundred students participated in the seminar

## Visit to School Campus Mr Sanjay Sinha

**A**t Narayan International School, distinguished senior journalist Mr. Sanjay Sinha (Chief Executive Editor, Aaj Tak channel, Tez channel, Mahadevi Verma Awardee), Prof. Ayub Khan, Professor Vikrant Sharma from Dubai University Saudi Arabia, motivated and interacted with the children during the Human Values Seminar. Mr. Sanjay Sinha emphasized the importance of character-building and becoming good individuals, placing a strong emphasis on moral values. Professor Vikrant Sharma invited the children to visit his university, and Dr. Khan stressed the need for innovation along with education for skill development. Mr. Sanjay Sinha appreciated the children's projects and commended their work. The entire staff extended a heartfelt welcome to all the dignitaries. Sanjay Sinha, Ayub Khan, and Vikrant Sharma generously shared their valuable time with the children.
